

MISSION

Our mission is to reduce poverty in Union and Snyder Counties through self-sufficiency initiatives for families and individuals in collaboration with community partners.

VISION

We envision Union and Snyder Counties to be a region where all people have equal opportunity to reach their full social, civic, and economic potential.

VALUES

We serve to empower others.
We practice acceptance and respect.
We honor diversity.
We value positive teamwork.
We create trust through integrity.

STRATEGIC PRIORITIES

As we approach our 40th year as a Community Action Agency (CAA), we intend to continue operating under the traditional structure of CAAs nationwide, continuing to offer self-sufficiency programs and services as we have since our inception. The priorities below reflect specific areas of focus in response to our region’s needs, as identified in our strategic planning sessions and most recent Community Needs Assessment.
